Flying Saucer Seen North of Didsbury

Reports of flying saucers have come in from all parts of the North American continent during the past two years, but so far there have been no known cases where machines have been available for examination. However, many of these reports are from reliable people and even The Calgary Albertan in a recent editorial acknowledged the fact that flying saucers were a possibility and could be a reality. The latest report of flying saucers comes from Mrs. Arden Deadrick, north of town, and in reporting the fact Mrs. Deadrick says:

"Standing on the back porch about 6:30 p.m. one calm evening last summer the chickens suddenly became frightened and ran for shelter. Looking up to see what caused this, I saw an aluminum colored object like a covered saucer with a dome floating downward from a height of approximately 100 feet. When it reached a height of about 50 feet above the ground it floated silently away on an even keel until it disappeared over the eastern horizon. It appeared to be 10 feet or more in diameter and was travelling slowly.

"Fear of ridicule made me hesitate to tell of this strange sight, but since others are reporting similar experiences, I decided to tell of this happening."

L.O.D.E. WHIST AND BRIDGE

The bridge and whist party held by the Lions Chapter of the L.O.D.E. at the Lions' hall last week was well patronized. There were 13 tables in play and a good time was had by all. After the card games a fine lunch was served and prizes were presented to the winners.

The proceeds were donated to the Lions' fund in grateful appreciation of the free loan of the hall for all L.O.D.E. meetings.

Women's Institutes in Britain founded on the model of the pioneer organization in Canada, have done great work. They now provide centres in country towns and villages for a wide range of activities which include classes in housewifery and cultural subjects.

MISS EBBA DAVIS HONORED AT SHOWER

Honoring Miss Ebba Davis, an April bride-elect, Miss Margaret Davis, Miss Laura Edwards and Mrs. M.T. Stevens entertained 25 guests at the Rosebud Health Unit recently. Gifts were presented to the bride-to-be in a decorated baggy. Miss Mona Stevens and Miss Anita Andrews assisted in unloading the parcels and serving lunch.

The guests enjoyed a lovely evening and a delicious lunch.

WESTCOTT NOTES

(Last Week)

Little Carol Ann Hildebrandt is a visitor at the Otto Folkman home these days.

Donald Reinhardt and Douglas Schneidmiller returned home from Eastern Canada last weekend, having gone for a new truck.

Mr. and Mrs. Henry Snyder of Three Hills and Mr. and Mrs. Henry Wilsenhusen and family were visitors at the home of Mr. and Mrs. Herbert Goetjen on Tuesday last, all parties enjoying a good old-time neighborly get-together.

The rink activities are all over for the season and the executive wishes to say thank you to all who helped in any way, especially those who donated food for the booth and those who spent hours at the stand catering to the people. We wish to say it was all very much appreciated, and thanks very much.

(Week of April 2nd)

Mrs. L. Cousins and son Roy of Cremona are visiting with her sister, Mrs. H. Wilsenhusen.

Mr. and Mrs. Herbert Goetjen have had the former's mother, Mrs. Goetjen, of Chilliwack, visiting with them the past week. She has now gone to visit with her daughter, Mrs. Lyle Good, of Garfield.

An official of the Department of Public Works was out in the district last Wednesday to look over the bridge situation.

Musical Festival Held At Cremona March 23

The first of six musical festivals to be held in the Olds Inspectorate was staged at Cremona on March 23. The pupils from Cremona, Elkton, Fallen Timber, Big Prairie, Dog Pound, Mount Hope and West Hoose schools presented a very acceptable programme.

Rev. G. Phylus, Mrs. H. Dinsey, and Mrs. C. Reid, as adjudicators, commended the pupils' efforts.

The organization details were under the capable chairmanship of Mrs. H. Frizell.

The Cremona Women's Institute was wholeheartedly behind the festival and assisted by giving a cash donation and by serving coffee during the lunch hour, and before the drive home for outlying schools.

A complete list of programme numbers will appear in our next issue.

Festivals to follow are: Torrington, April 5, Mrs. O. Shupe, director; Sundre, April 6, Mr. J. Weir, director; Town school festival (Olds Didsbury and Carstairs) April 28; Olds, April 29, Mrs. M. Campbell, director; Carstairs East, May 23, Mrs. A. Booker, director.

Festivals are under the sponsorship of the local A.T.A., with Mr. H. Stiles as general secretary, and under the general direction of Mr. K. P. Crispo, M.A., Inspector of Schools.

N. S. Charlton sold Beau Mischief 3rd to L.C. Boulton of Stavely for \$670; Beau Mischief to I. Zootman for \$875, and Beau Domino 3rd to F. Beveridge of Maple Creek, Sask., for \$780.

Hugh Francis sold Domino Lad 9th to Bowtell & Cameron, Czar, for \$885; Domino Lad 8th to Dept. of Agriculture for \$725; Domino Lad 12th to Murray & McKenzie, La-combe, for \$1075; and Excelsior Lad 12th to J. H. McHenry of Czar for \$1025.

Hughes Bros. sold Real Advance Domino 23rd to Arthur A. Sundt of Bismark, N.D., for \$550; Real Advance Domino 24th to A. Sundt for \$580; Real Advance Domino 25th to W.J. Jensen for \$460; Real Superior Domino 12th to H.R. Parker of Ogden, Utah, for \$560; Real Advance Domino 26th to H. R. Parker for \$460.

A shower was held at the home of Mrs. Joe McDonald on Thursday afternoon for Mrs. Art Grange who lost her home recently by fire. Twenty ladies were present and a dainty lunch was served by the hostesses.

NEW BRITISH-DESIGNED AIR AMBULANCE

A new British air ambulance is being developed by Auster Aircraft Limited of Leicester, England, specially designed for the bush doctors in Australia and for medical men whose patients live in isolated areas. It is the Auster Avia Mk. 2. The plane will carry a standard full-size stretcher and, apart from the pilot, has accommodation for a slitting casualty and an attendant. Provision is made to enable blood transfusions to be given while the air ambulance is in flight. The plane can be converted into an ordinary four seater aircraft when not in use. If needed, the conversion into an air ambulance can be made in a few minutes. It is hoped that this new aircraft will be finished during this year at the Company's works at Leicester. This picture shows how the side of the Auster Avia Mk. 2 air ambulance can be lowered to load a stretcher case.

Car Accident Sunday Takes Oil Man's Life

One man is dead and two others are in Didsbury hospital as result of two closely related accidents a quarter of a mile north of Carstairs at 1:45 a.m. Sunday.

Dead is Thiffin Hetherington, 53, field superintendent at Turner Valley for Calmont Oil Company.

In hospital is James "Ab" Greenway, Calgary carnival owner, suffering from a fractured leg, head lacerations and shock, and Ronald McDonald, young hitchhiker, suffering from head cuts and shock.

Sought by police is the driver of a hit-and-run light delivery truck, one of three vehicles involved in the twin accidents.

According to the Calgary Albertan's information, Greenway was returning from a wrestling match at Olds when a burned-out truck, needing road in his car started the chain of mishaps.

With him was "Tiny" Nichols, co-owner with Greenway of Gayland Shows; Larry Tillman, Calgary wrestling promoter and his son Bob; and two other men.

Unable to proceed further in their car, the six pushed it into a field about a quarter of a mile north of Carstairs and started to walk single-file to the town. They had gone only a short distance when a speeding vehicle, believed to be a light delivery truck, overtook them and swerved into the line, knocking Greenway and one of the other men into the ditch. The other man was unhurt but Greenway was badly gashed on back of the head, and suffered a leg fracture. The truck did not stop.

Running to the farm at which their own car had been left, members of the party aroused Mr. and Mrs. C. Clark, who volunteered to take Greenway into Carstairs.

Greenway was placed in the back (Continued on page 4)

Power Turned On East Of Town on Friday

Residents east of town were in their glory on Friday when at long last the power was turned on for their rural electrification project, and since most of the 108 shareholders in the company have completed wiring of buildings, there was considerable excitement all over the district when lights were turned on, motors started, and numerous other appliances connected up to see if they really would work.

It has been reported that some farmers had a little difficulty when slight defects were noted, but by slighting of the crews ready for the power were able to enjoy its many advantages.

Now that the east power project is connected, an all-out effort is being made to get the west project in operation as quickly as possible, and it should not be so very long before the entire Didsbury district will be enjoying the advantages of modern electric power.

A shower was held at the home of Mrs. Joe McDonald on Thursday afternoon for Mrs. Art Grange who lost her home recently by fire. Twenty ladies were present and a dainty lunch was served by the hostesses.

Sam Jackson expressed thanks to Mr. and Mrs. Ed Conway and Miss Mary Ross of Olds for supplying music for the club's dancing.

On behalf of the Hockey Club Bob Jackson conveyed appreciative thanks to the social committee and helpers for the grand supper. Jim Jackson then presented Mr. A. Jones with a gift from the Hockey Club in appreciation as manager.

Grateful thanks were expressed to Mr. Sid Summers for his interest in the social committee and transportation of the hockey players.

SPRING MUST BE HERE

Spring officially arrived, March 21st, and since then spring-like weather has prevailed. Now the birds are coming back from their sojourn in the south, trees are budding and the grass is getting green in places.

Last week Doug Landeen reported that wild ducks were resting on a hole near his farm. Art Thompson reports seeing a crow east of town. Gophers are out and all signs point to spring.

While E. B. Grange, chairman of the Predator Control Committee, was unavoidably absent due to illness, a report showed that the Didsbury Association had the most successful crowd and magpie campaign in its history, having taken in over 5400 crow and magpie feet in the two months' campaign. The winter campaign, which closed on March 1st, was also successful with over 350 pairs of adult magpie feet having been turned in.

Raymond Fulkert, chairman of the Upland and Migratory Birds Committee, reported that Hungarian Partridge were on the increase in all parts of the district. Pheasants are becoming more plentiful, but the ducks were here only in the late summer and local hunters did not get much opportunity to bag ducks due to the lateness in opening the season in this part of Alberta.

Besides the reports by local committee chairmen, reports were also given by the delegates to the annual convention held in Calgary on February 4th and 5th, including Mr. Ed Ford on fish, Irvin Klein on big game, Ken McEwen on

the young Peoples' Club honored the local hockey players at a banquet held at the hall on Monday evening, April 3rd, with about 70 adults and 20 children present. The evening commenced with stage performances comprised mostly of local talent which contained vocal, piano, guitar and harmonica selections, recitations, shadow performances, songs by the school children and quadrilles.

Mr. F. J. Jackson, vice-president of the club, thanked Mrs. J.P. Schrader, Intellectual Vice President, for her efforts in arranging the program, after which all present were seated at tables nicely decorated with orange and black and white streamers, also orange and white candles. Served plates were then distributed, containing cold ham and potato salad, green salad, tomato slice and jelly, brown and white beans were placed on the tables, and dishes of ice cream were served, along with gold and white cake and coffee.

The hockey players, Bob Jackson, Art Jackson, Jim Jackson, Sam Jackson, Dick Phil, Ken Egging, Les Neubauer, Lyle Bolton, Harold Krebs, Don Krebs and Harry Smallwood, their managers, Mr. A. Jones and Mr. B. Jackson, and vice-president, Mr. F.J. Jackson, were all seated at a specially decorated table at centre front of the hall.

Mr. A. Jones spoke briefly on the hockey games, total points the players made, and games won and lost. He then presented cups to Bob Jackson for highest number of points, and to Ken Egging for the most valuable player of the team. A souvenir puck was awarded to Don Krebs as the most improved player of the team.

Mr. R. Jackson then spoke briefly and presented each of the other players with a miniature hockey stick, autographed by all the players.

Ken Egging was awarded a prize for having sold the largest number of tickets on a quilt donated to the hockey club by the Willing Workers Club, which was won by Mrs. George Innis.

On behalf of the Hockey Club Bob Jackson conveyed appreciative thanks to the social committee and helpers for the grand supper. Jim Jackson then presented Mr. A. Jones with a gift from the Hockey Club in appreciation as manager.

Grateful thanks were expressed to Mr. Sid Summers for his interest in the social committee and transportation of the hockey players.

FISH AND GAME ASSOCIATION ANNUAL MEETING REVIEWS YEAR'S ACTIVITIES

There was a fair attendance at the annual meeting of the Didsbury Fish and Game Association, held in the Lions Hall on Friday evening, March 31, and the President, Ed Rouleau, reported that while membership was down from the previous year the work of the association had shown continued improvement, particularly in the crow and magpie contest and the stocking of the local streams with trout.

The financial statement was read and showed a bank balance of \$187.07, and a vote of thanks was extended to the auditor, C.E. Reiber for his services in auditing the books.

Ed Ford, Chairman of the Fish Committee, reported that the numerous beaver dams in the west accounted for the excellent fishing conditions experienced last year, and these conditions should again prevail this summer, due to the restocking of the Fallen Timber with 1800 good-sized brook trout, about 1,000 in Lowrie Creek, and about 1,200 in the beaver dams on the Hoosegood property. Besides this, several hundred brook trout were stocked in the numerous streams north and west of Sundre.

Irvin Klein, chairman of the Big Game Committee, reported that some hunters did not have much luck last fall due to the lack of snow during the one-month season, but game appeared to be fairly plentiful in the territory west of Didsbury, particularly deer and elk which are on the increase.

While E. B. Grange, chairman of the Predator Control Committee, was unavoidably absent due to illness, a report showed that the Didsbury Association had the most successful crowd and magpie campaign in its history, having taken in over 5400 crow and magpie feet in the two months' campaign. FALLEN TIMBER

(Last Week)

Mrs. Fred Taylor spent a few days with Mr. and Mrs. Bob Moore of Bergen.

Mr. and Mrs. P. Fair were visitors at the home of Mr. and Mrs. G. Hone. Mrs. Fair seems to be improved in health.

Mr. and Mrs. J.H. Cooper, Glenn, James and Keith spent a few days in Calgary recently, at which time they took in the play "The Taming of the Shrew" presented by the Dramatic students of Western Canada High School.

A dance was put on by the Busy Bees at the school in March and the event was a great success. A good crowd was in attendance and good music was supplied by Mr. W. Smith and Mr. Ben Sunholme. Congratulations to Mr. and Mrs. Bob Whittle on the birth of a daughter, Margaret Yvonne.

The regular church service was held Sunday, March 26, and was conducted by Mrs. Bob McGaffin, due to the absence of the ministers. Soloists were sung by Mrs. McGaffin and Mrs. Bob McGaffin. Mrs. Alex Moore and Mrs. Wannamaker gave delightful readings. Mrs. Louise Money gave the children their Bible story.

(This Week's News)

The school children attended the music festival at Cremona, taking part in several numbers. Miss DeLores Hayes gave a solo, grade 3 students sang a number, and a choral number was given by George Money, Margaret Money, Donna Wannamaker and Barbara Stair. The school children then all sang a number.

Mr. Harold Morrison and Mr. Stanley Morrison were Elton visitors last week.

Dev. and Mrs. Moore conducted the regular church service at Fallen Timber school on Sunday, April 2nd.

Mr. and Mrs. Robert Moore and two sons, Garry and Monty, spent Sunday with Mr. and Mrs. Howton, as well as attending the church service.

SPECIAL SERVICES AT THE REDEEMER LUTHERAN CHURCH

Special services for Holy Week are scheduled at Redeemer Lutheran Church. The first of these services will be held on Good Friday, April 7, at 11:00 a.m. The theme for the sermon will be "Look at a Leek." Appropriate anthems will be sung by the choir.

On Easter Sunday, the service will begin at 10:30 a.m. The theme for the sermon will be "The Glad Tidings of Easter." The Sacrament of Holy Communion will also be celebrated at this service. The choir will also enhance the Easter service with an anthem selection. The Pastor of Redeemer Lutheran Church, Rev. E.B. Fox, will officiate at both services.

ANYONE WHO DID NOT RECEIVE A HAND BILL CAN GET ONE AT THE STORE.

In The Legislature

(By H. G. Hammill, M.L.A.)

There has been considerable discussion in the House on the merits and demerits of the County Act. Present legislation only permits the establishing of four Counties in the Province. This experiment will prove the value, if any, that the new set-up has and the Act provides that the ratepayers, after four or five years, can vote as to whether they wish to continue the County System or return to the present one.

A Bill amending the Land Titles Act was hurried through the House this week and assented to by the Lieutenant Governor. The agency was to avoid any delay in the construction of the pipe line to the Great Lakes. The Amendment facilitates the registration of easements but does not in any way prejudice the right of the owner of the land.

Public Works estimates show that the vote for building and maintaining roads in L.L.D.s has been increased by 10 per cent over those of a year ago. Honourable D. B. MacMillan indicated that of the nearly twelve million voted for main highway construction, a million dollars will be spent on the Jasper-Edson road; about forty miles will be hard-surfaced between here and Vegreville; the Camrose-Wetaskiwin road will be hard-surfaced; some thirty-five miles on No. 9 highway near Drumheller will be built; about thirty miles of the main highway East of Stettler will be rebuilt, as well as about fifty miles on different parts of highway No. 21. Hard surfacing will be

done on the road East of Medicine Hat; some considerable work to be done on the Medicine Hat to Strathmore road as well as a number of projects in different parts of the Peace River.

The report on the pilot plant at Bitumount indicates that oil can be separated from the tar sands satisfactorily and a consultant has been hired to study the economics in order to determine whether gas can be produced and marketed on a competitive basis.

One of the highlights in the Session thus far was the Premier's report indicating the results of his negotiations on Alberta's debt refunding program.

The agreement covers \$60,700,000 of debentures being sold in the United States to retire bonds held there. Throughout all of the negotiations it has been our aim, said Mr. Manning, to endeavor to get 3½ per cent money or better and then take advantage of the call feature of our American pay bonds to call and retire the 3½ per cent interest-bearing bonds held in the United States.

Not only has this given Alberta the most favorable debt picture of any province in Canada, but as a result of the negotiations just completed by Alberta's Premier, seven years have been cut off the time of the original debt reorganization program and in twenty-one years, if this schedule is followed, the entire amount of Alberta's bonded debt will be paid off.

The new bonds are redeemable at the option of the Province in 1951 and thereafter on 30 days notice. This also shows an improvement over the old schedule which was to have remained in effect for five years before the bonds could be called. The new

IRRIGATION DEVELOPMENT

The Dominion government will spend about \$20 million as its contribution to the development of irrigation in Alberta.

In this year's estimates the amount appropriated for Alberta irrigation is \$6,719,500. Of that total \$2,840,000 has been allocated to the St. Mary's River project in the Lethbridge area. \$995,750 for the Red Deer River project centering at Hanna, and \$2,879,750 for the extension of the Canada Land and Irrigation Development which takes water from the Bow river east of Calgary.

The province of Alberta's contribution towards irrigation construction is \$2 million.

schedule has reduced that to four years and has cut in half the number of days of notice necessary before the bonds can be called.

Premier Manning said that the demand for Alberta bonds was excellent and that a brisk sale is expected.

As a result of the debt retirement and refunding program the province has made a net saving of \$25,975,000.

In 1936 Alberta's debt stood at more than \$167 million, but by June of this year it had been reduced to \$110,261,577. This is a reduction of \$56,735,567 since 1936.

The amendment to the Municipal Property Act has been introduced in the House to prevent Doukubors from holding Municipal property in Alberta. It has been brought to the Government's attention that some Doukubor groups are endeavoring to buy out some Hutterite holdings.

Garden Seed Varieties Are Recommended

Planning your garden? We hope you haven't ordered your seed, as H.T. Allen of the Lacombe Experimental Station has some useful suggestions about what varieties to grow. These are:

Beets: Early Flat Egyptian (early), Detroit Dark Red (early), Golden Acre; Cabbage: (early), Copenhagen Market; (late), Danish Ballhead, Penn State Ballhead, Red Acre (red); Chieftain (savory); Carrots: Emperor, Nantes, Red-cored Chantenay.

Cauliflower: Early, Erfurt, Snowball; Snowdrift (late). Corn: (early), Dorrinny, Golden Gem, Piccadilly; (midseason), Seneca 60; (late) Golden Bantam, Sugar Prince.

Lettuce: (leaf), Grand Rapids; (crisphead), Great Lakes, Iceberg, New York No. 2; Big Boston, Density Co.

Peas: (early), American Wonder, Laxton's Progress; (midseason), Director, Laxall; (late), Onward, Stratagem.

Potatoes: (early), Waraba; (midseason), Canus, Irish Cobbler; (late), Netted Gem.

Rhubarb: Canadian Gem, Laurin, etc.

Tomatoes: (bush), Bonny, Early, Chatham, Redskin, Earliest North; (staking), Abel Earliana.

In eastern and southern sections of Alberta some of the later varieties of vegetables can be grown successfully. Only the earliest varieties should be grown in the western or grey-wed soil areas.

REFITTING FOR ST. LAWRENCE SERVICE

Next May is the 26,000-ton Empress of Scotland, which before the war operated as the Empress of the United Kingdom.

The above photo gives some idea of the magnitude of work being done at the Fairfield Shipbuilding Yard, Govan, Scotland, where a two-year reconditioning to Empress luxury standards after 8½ years of enviable war service is now being finished. The Empress of Scotland will carry 663 passengers.

IT CAN'T BE HELPED

While spring is breaking gradually and frequent snow flurries have been followed by mild weather, which has resulted in continued slushy roads and muddy town streets, many people are ever ready to complain about our local streets and lack of upkeep. On the other hand, anyone who is acquainted with the facts is content to withhold judgement, knowing that there is nothing that can be done to remedy the situation at the present time.

The reason for the condition of our town streets is that there isn't any surfacing left after the installation of our water and sewer mains last fall, and little can be done this spring to put them in shape until the frost is out of the ground and the trenches settle to a normal level. By this time the connections will have to be made to the water and sewer users, and it is doubtful if the local streets can be levelled off and gravelled before next fall. They can, however, be properly maintained and our Town Council plans to do this, having purchased a power road maintainer last fall for the job.

Local citizens, country residents and casual visitors to Didsbury are asked to be lenient in their criticism of street conditions for the next few months. When our water and sewer system is completed and in operation Didsbury will be able to offer modern conveniences and a modern town, along with good streets, so that in the future some pleasure and satisfaction may be experienced by everyone who comes to Didsbury. In the meantime we will have to put up with inconveniences which usually precede any major development or improvement.

WE ALL MAKE MISTAKES

Every once in a while one hears the remark that newspapers make too many mistakes. Well, don't we all?

Consider for a moment if you will . . . did you ever hear of the woman who forgot to put tea in the teapot of hot water; the woman who forgot to salt the meat or potatoes; the lawyer who never lost a case because he made some mistake; the clerk who never made an error putting up an order; the doctor who never made a wrong diagnosis; a postal employee who never put mail in the wrong box; a carpenter who never sawed a valuable board off at the wrong place . . . Oh, well, why bother?

That's the ideal. Why bother to print the entire list? But it would be enlightening if some of the critics who make the most of petty mistakes in newspapers had opportunity to know about the hundreds of mistakes newspaper people correct for other persons every year.—Kitchener-Waterloo Record.

M.V.B.C. NEWS ITEMS

The annual business meeting of the Alumni Association of Mountain View Bible College was held on Monday, March 27, at 6:30 p.m. at the College. The main officers for the ensuing year were chosen: namely Sam Megill of Acme, president; Rev. H. A. Traub, R.R. 1, Olds, vice president; and Betty Roist of Didsbury, secretary-treasurer.

The project which the Association desires to sponsor this year is that of an enlarged and improved periodical to replace the "Western Evangelist", the present official organ of the Youth Fellowship of the United Missionary Church. More details will appear very soon.

The Alumni banquet followed at 7:30 in the College dining room. A delicious dinner was served to 58 Alumni members and to the members of the Board of Directors and faculty of M.V.B.C. The meal was interspersed with anecdotes and testimonies by various alumni members. The Rev. P.G. Lehmann, district superintendent of the Ontario Conference of the United Missionary Church, and Mrs. Pearl LeMont of the faculty of M.V.B.C. were the guest speakers at the banquet.

The Board of Directors of M.V.B.C. met on Monday, March 27. Among the forward steps which they approved for the College were the strengthening of the music department, instituting a music major which will lead to the degree of B.S.M., Bachelor of Sacred Music. A resident instructor in instrumental music is to be engaged. Another project is the building of a faculty house.

Last week was one of Conference activity. Faculty and students attended the various meetings which over College work did not conflict. They enjoyed the fellowship with the ministers and delegates of the Conference during meal hours in the College dining room.

On Tuesday evening, April 4, the seniors of M.V.B.C. were entertained at a delicious dinner in the home of Mr. and Mrs. Ira Stauffer. This happy occasion is becoming an annual affair to which the College Seniors anticipate with pleasure.

On Friday, April 7, the Seniors will hold the annual graduation chapel service at this time will also take place the presentation of the school pins and guards. These were secured through the courtesy of the local jeweller, Mr. Blone.

On Friday evening, April 7, at eight o'clock, Mr. G. Lyle Richardson assisted by the a cappella choir, will appear in a sacred recital at the Evangelical United Brethren Church in Didsbury. Everyone is cordially invited to be present.

On Tuesday, April 11, at 8 p.m., the pupils of Mr. Richardson will appear in the annual voice recital. This program will be held in the United Missionary Church. All of our friends are invited to attend. Mr. Peter Waldin, instructor of speech, announces that very soon the members of the Speech Department will appear in a preliminary contest featuring vocal interpretation.

ESTABLISH and OWN
Fast Growing - Profitable**BUSINESS**

Alberta organization with dealers already established in this territory wishes to further consolidate and expand their sales and service by getting up a business control in the Didsbury area. This exclusive franchise calls for a person or persons with a reputation of integrity, stability and practical business experience in handling dealer and consumer sales promotion and business management. Applicant must have or be prepared to invest in show room, service facilities, stock and equipment in return for complete over-riding sales and equipment lease rentals. One dominating phase of the business is a product recently made marketable and one that is in great demand by all rural homes. Once installed there is a continuous service income from every unit leased. We are prepared to assist the right party in financing this business. Interested persons are invited to make application in writing, stating qualifications and financial status, to J.J. Gibbons Limited, Renfrew Building, Calgary, who are acting in our behalf.

Walther League To Show Easter Films

The Redeemer Lutheran Walther League has arranged for an interesting evening of films to be shown on Easter Sunday at 8:00 p.m. in the basement of Redeemer Lutheran Church. The first film is a technicolored film entitled "The World of Silence" and shows the work of the Lutheran Church among the Deaf-mute children at its Deaf-mute school at Detroit. This film is acclaimed as one of the outstanding films.

The main film entitled "Christus" depicts the life of Jesus from the time of the Annunciation of His birth to Mary to His ascension. Special emphasis is directed to the Passion of the Savior, His betrayal, His trial, the scourging and His crucifixion.

The final film, another technicolored film showing the work of the Lutheran Church in Africa, is entitled "Bringing Light." It was filmed in Nigeria, Africa, and clearly shows how the Gospel has been spread and the great success it has experienced.

All these films are sound films.

On Saturday evening, April 1, Donald Taylor, pastor of the United Missionary Church at Winfield, B.C., and an Alumnus of M.V.B.C., showed some fine colored slides of Winfield and other parts of the great Okanagan valley.

We were happy to welcome Mr. and Mrs. Ed Bayley, grads in the class of '47, back for a brief visit over the weekend. Mr. Bayley will receive his Bachelor of Arts degree at Cascade College, Portland, in June.

Bonnie Hallman had the pleasure of a visit from her brother, Glenn Hallman, and his wife Helen Jean. Glenn has been a student in Seattle Pacific College and has majored in bacteriology and health. He graduates this year. Glenn will be employed by the Kitsap County Public Health Dept. at Bremerton, Washington. Mrs. Hallman is teaching school near Seattle.

After a brief visit with Bonnie they will spend a few days with Glenn's parents, Rev. and Mrs. C. J. Hallman, at James River, Alberta.

seat with Tillman and Nichols looking after him. Mrs. Clark drove and her husband rode with her in the front seat. The car had travelled only a short distance towards Carstairs when Hetherington, also travelling south, crashed into it from behind.

According to witnesses questioned by The Albertan, Hetherington jammed on his brakes but was unable to stop in time to avoid the crash.

The oilman was believed to be dead when taken out of the wrecked car.

McDonald, who apparently had been asleep and relaxed at the time of the crash, was dazed and cut about the face but was able to help himself out of the car.

Mrs. Clark, thrown against the steering wheel of her car, suffered shock and bruises. She returned home after receiving first aid.

A passing truck was flagged and took the injured to hospital in Didsbury, where Greenway and McDonald were still detained Sunday night.—The Calgary Albertan.

THE HEALTH UNIT

Saturday, April 1st, 1950—This
week has seen a further decrease
in the incidence of communicable
diseases. There have been a total
of eight cases of Scarlet Fever, two
in the Village of Carstairs, and the
remaining six east of Carstairs—
Didsbury railway track. Only four
of the cases notified were found to
be "true bills" for rubella (Ger-
man Measles), and whilst we had
reports of Mumps, we were unable
to verify these as the notification
which came through the post
reached us too late. We were glad
to be able to state that we have
no further cases of Measles report-
ed to us.

It seems that very few members
of our community are aware of
the valuable services which are
being provided by the Guidance
and Mental Hygiene Clinics. These
clinics concern themselves not only
with frank cases of mental illness,
but also with the many minor ab-
normalities of behaviour which are
not at all uncommon in even the
healthiest families. The clinics are
conducted by specialists from Cal-
gary, and in so far as our Health
Unit is concerned, these specialists
come to Didsbury on the second
Friday of every month. They are
only too pleased to interview and
talk to any member of our com-
munity who has a problem, or
who thinks he or she has a prob-
lem. But there is one stipulation:
the specialists will only see an ap-
plicant by appointment. These ap-
pointments may be made through
our office in Didsbury, and we
shall be glad to have folks write to
us or telephone us.

Most of the time these Clinics
concern themselves with the minor
problems of behaviour, and the
cases of real mental disease are
few. The mental hygiene clinics
have been functioning since 1929,
and there appears to be an increas-
ing demand for the service they
render all over the country. Which
in itself is sufficient evidence that
they are fulfilling a useful pur-
pose.

The next Mental Hygiene clinic
will be held at the Rosebud Health
Unit on April 14th, and remember,
an appointment must be made be-
forehand. The service of course is
free.

And whilst on the subject of
clinics, may we remind our friends
that in future there will be no In-
fant Welfare Clinic in Didsbury on
the first Saturday of the month,
but that there will be a Tubercu-
losis Clinic at Didsbury on Friday,
the 28th of April. And, by the way,
next Friday being Good Friday,
there will of course be no Infant
Welfare Clinic at Olds.

ALBERTA LIVESTOCK MARKETS

Livestock marketings in Alberta
in 1949 totalled 1,750,076 head,
bringing a total revenue of \$133,
021,515, according to a report is-
sued by J. L. Paley, Dominion dis-
trict supervisor of livestock market-
ing. Total numbers declined by 281,
816 head from last year but the
higher price structure resulted in
a drop in income from livestock of
only \$3,761,728.

of the Agriculture Service Board
of the Municipal District of Moun-
tain View No. 49 attended the Ser-
vice Board Conference held in Ed-
monton in the Masonic Temple on
March 28 and 29, and the local de-
legates report many interesting dis-
cussions.

From the 59 enlarged municipali-
ties in Alberta, 29 Agriculture Ser-
vice Boards have been formed so
far in the province, the Board is
anxious to have a Service Board
in each of the 59 enlarged munici-
palities, and to encourage these
Boards grants are made for demon-
stration plots, chemical weed con-
trol demonstration, etc., as well as
paying one half the salary of the
Field Supervisor in each district.

Mr. Snyder will give a full re-
port of the conference at the next
meeting of the Agriculture Service
Board.

**LOGGERS and LUMBERMEN!**

As from April 1st your employees are insured under provisions of the Unemployment Insurance Act. This means that contributions must be paid for them beginning on that date.

If you employ anyone in lumbering and logging you should—

1. Register with your National Employment Office;
2. Obtain insurance books for your employees;
3. Get instructions about making contributions and about rates.

Your National Employment Office is ready to assist you with all necessary information. All sawmills and planing mills come under the Act on April 1st regardless of how many weeks they operate.

Farmers and any other persons whose main occupation is non-insurable need not be insured if they work in lumbering and logging for 60 days or less a year and apply for exception.

Call at the nearest National Employment Office for full information.

Farmers' Union Wants Lower Car Insurance

An amendment designed to reduce the cost of premiums on Automobile Accident Insurance in Alberta is being sought by the Farmers' Union of Alberta. The F.U.A. executive points out that premiums covering comparable provisions in Alberta are far higher than those in effect in Saskatchewan, and that the Alberta Automobile Accident Indemnity Act under its present setup, however good in intent, has the effect of playing into the hands of lawyers and insurance companies at excessive expense to car and truck owners.

In a petition form sent out to the F.U.A. locals the executive points out that the farm organization is interested in securing for the motorists of Alberta a simple and relatively cheap plan under which they will be protected against lawsuits arising out of automobile accidents, and which will compensate all persons involved in such accidents irrespective of fault or blame.

Among the objectionable features of the Alberta Act are such as the taking away of drivers' licenses irrespective of whether the driver was at fault or not. The provision for impounding cars and the necessity of going to court and getting judgement before a claim can be made on the fund, and other objectionable features that are reflected in the fact that so little money has been paid out under it in comparison with the amount taken in.

The F.U.A. points out for example that premiums on approximately similar policies in Alberta and Saskatchewan will cost \$35 and \$11 respectively and other premiums are proportionately out of line.

THATCHER VS. SAUNDERS

Thatcher wheat is to be preferred above the new Saunders variety in southern Alberta except for areas along the foothills where early ripening is desirable. This conclusion is reached after a comparative test of the two varieties at 13 district experimental stations in southern Alberta during the past three years.

Saunders wheat matures several days earlier than Thatcher and hence may be expected to give better results in areas contiguous to the foothills.

FORAGE SEED SCARCE

Farmers who are planning on seeding forage crops should order their seed supplies right away. Available supplies for Alberta farmers have been reduced to a very low point, according to J.E. Birdsall, supervisor of crop improvement.

Grasses, alfalfa and clovers are essential to any sound farming program. They are needed for soil maintenance and weed control.

MORE THAN FIVE MILLION EMPLOYED IN INDUSTRIES

By concentrating on the numbers of job seekers and the extent of unemployment in certain industries and certain localities, we are apt to lose our perspective in relation to the overall employment picture and the general economic conditions of our country. This could have detrimental results, for lack of confidence in the economic structure always walks hand in hand with recessions.

Actually Canada continues to experience a high standard of employment. More than 5,000,000 are now working in Canadian industries, 50,000 more than one year ago, 1,000,000 more than before the war. There is now one woman working to every four men in employment, as compared to one to ten men in 1900.

An unprecedented volume of capital expenditures in factories, mines, roads, bridges and homes, has been the keynote of this tremendous growth in employment. In manufacturing alone, where capital investment has been unusually heavy, more than 1,300,000 jobs are now provided. In the peak season the construction industry employs 350,000, in the mining 95,000 are at work.

IF FARMERS SHOULD GIVE AWAY PRODUCTS

By those who are not well informed, farmers are often accused of being responsible for the consumers' high cost of food and clothing.

The Ohio Farm Bureau secretary is credited with having supplied information contradicting this assumption and he expresses it this way:

If the farmer gave away the milk it still would cost the consumer 12 cents per quart at his door.

If the farmer gave away the wool in a \$50 suit of clothing it would still cost the consumer \$32.

If he gave away the hide for a \$10 pair of shoes they would still cost \$8.63.

If he gave away the livestock for \$10 worth of meat it would still cost \$1.90 over the block.

If he gave away the tobacco for a 20-cent package of cigarettes it would still cost 17 cents.

A 10-cent can of beans for which the beans were donated would still cost 8.7 cents.

If the wheat for a 16 cent loaf of bread were donated by the grower, the consumer would still pay 14.7 cents for the loaf.

These figures allow nothing at all for the producer of the raw material and surely everyone expects farmers to receive for their wares at least a little market return that would be added to the cost figures given above. Then, in the face of such information as this, there arises the question of how much the consumer would actually save if raw products were to be placed on produce markets absolutely free from controls. A logical conclusion is that there would be a multitude of disappointed consumers—EX.

 way to the bank"

He is just one of the hundreds who during the day will drop into the branch bank around the corner.

Savings depositors with their pay cheques . . . retail merchants with the day's cash . . . people consulting the manager about loans, others cashing cheques . . . it is all part of the daily work of the branch bank.

In ten years the number of accounts maintained by bank depositors has grown from 5,000,000 to 8,000,000.

This shows how Canadians have come to count on their local banks for a great variety of services. The banks keep pace with the growing needs of the nation.

Alberta oil has changed his future

The boy doesn't know it yet. Many a grown-up doesn't realize it—but the new oil fields of Alberta brighten Canada's future.

Western oil is saving 100 million scarce U.S. dollars this year, dollars we don't have to pay out for oil imports. This means money to buy other imports we need—things that cannot be grown or made in Canada. Next year Alberta oil should save 145 million U.S. dollars!

Then, too, the search for oil is making a big new market in Alberta for things the rest of Canada has to sell. The oil industry is spending \$3 millions a week in the west. Across the nation this money is fostering new industries, expanding plants, creating jobs, paying wages, building homes.

And in the prairies petroleum product prices are lower than they would have been if oil had not been found. Prairie consumers saved more than \$30 millions last year. Anything that helps prairie prosperity helps all Canada.

Oil is important to us all. More oil means a higher standard of living. The search for oil is unending, a costly business, often disappointing. But the job is pressing forward. And new-found oil is changing our future . . . promising a better, brighter future for Canadians—man and boy alike!

This advertisement is appearing throughout Canada in studies of work's companies.

Bringing you oil is a big job . . .
 and a costly one
